PRINCIPALS MESSAGE

Dear Meath Park Community,

I hope this message finds you well as we dive into the beautiful autumn season here at Meath Park. This month we want to shine a spotlight on a value that is not only vital for our students but also for all of us in our everyday lives - "Perseverance."

Perseverance is the determination to keep going despite obstacles, challenges, or setbacks. It is the ability to stay focused on our goals and work diligently to achieve them. This quality is particularly important in the world of education, where students face various academic and personal challenges.

Here at Meath Park, we are committed to instilling the value of perseverance in our students. We believe that it is through facing adversity and persisting through it that we build character, resilience, and a strong work ethic. It is a quality that will serve our students well not just during their time at our school, but throughout their lives.

Celebrating Perseverance

Throughout the month of October, we will be celebrating and promoting perseverance in various ways:

Must See Mustangs: We began recognizing students who have demonstrated exceptional perseverance in their studies and extracurricular activities in September and will continue to highlight their achievements this month. It has been a wonderful addition to our days to highlight these students as inspiring examples for their peers.

- **Guest Speakers:** Live Different an inspirational service organization came at the beginning of the month and presented an engaging assembly for our grade 7 - 12 students about the importance of mindset and how we overcome obstacles in our lives.

- **Classroom Expectations:** Our teachers will be setting high expectations in their classrooms for students. These expectations will provide students the ability to overcome challenges and persevere in their everyday lessons.

- **Parent Involvement:** We invite parents to have conversations with their children about the importance of perseverance, using the handbook to discuss expectations at the school and share their own stories of facing challenges and triumphing through determination.

Remember, the journey to success is not always smooth, but it is through perseverance that we overcome the bumps in the road and reach our destinations. We encourage all members of our school community to embrace the value of perseverance, and together, we can achieve great things.

As we look ahead into October, we invite you to join us to watch our Senior Girls Volleyball Tournament, join us for a muffin morning during Education Week, and finally the big spooktacular event of the year, our Halloween Carnival. It is awesome when we have the community in the building supporting and uplifting our school.

Thank you for your continued support of our school and our mission to nurture well-rounded individuals who are not only academically successful but also resilient in the face of life's challenges. Wishing you all a wonderful and inspiring October!

 Thanks for your
 support!

It's that time again to mention the Christmas dinner! Jamie Jensen needs volunteers to cook turkeys, or pots of potatoes and anyone to donate baking (Nut-free) and help serve the Christmas dinner. Jamie's children are approaching their last couple of years at Meath Park and she is hoping to find someone who can take over the organization of the supper moving forward while she still has time to help next year. You can reach out to Jamie by calling or texting (306) 961-4279. Thank you Jamie for all the years of help you have given the school!

 Meath Park Public School - School Community Council
